

Blomstergard Weekly Bouquet Subscription

We are offering our first weekly bouquet pick up at the farm every Saturday from 8-11 am during the growing season! We are so excited to be offering our local flowers for weekly pick up this year!

If you don't know much about our farm we are a small, woman owned farm that grows unique and specialty flowers with sustainable, no till practices. We never use chemicals or anything artificial in our field. We add natural amendments of leaf mulch, clay, leaves, kelp, and fish emulsion for added nutrients. All the flowers are harvested and handled with care the day before pick up and arranged uniquely just for you!

Option #1: Short Summer

This is for the months of July and August. You get the most variety in the shortest time as the flowers will progressively come into bloom from July to August. Every week is different and exciting!

Total price: \$180

Option #2: Full Summer

This option gives you the beauty and transition of July and August above, but adds September to fill out the season with all the beautiful dahlias that come out in bulk by September.

Total price: \$250

Option #3: Full Season

The best option out there for the seasonal flower lover! All the best flowers coming to you from June through October. You will see Peonies, ranunculus, zinnias, dahlias, eucalyptus, lisianthus, and antique mums to name a few. We so appreciate your investment in our business and your love and support of locally grown flowers!

Total price: \$375

Option #4: Monthly

Select a month (4 weeks) and get the freshest, local flowers (July-September)

Total Price: \$90
